PEPE & TETE
Learn Spanish in a fun way

GCSE Summer Programme

Pepe and Tete would like to wish you all a summer full of happiness, hope and good health.

For GCSE students, this is the perfect time to improve your Spanish. Practice is key to building confidence and that is exactly what our summer programme offers.

Over the 6 weeks, we maximise the interaction time with a native speaker to build confidence with role plays, speaking and interpersonal communication skills... and yes, we do not forget to have some fun.

Please get in touch to find out more on how we can be of help.

Hasta pronto
